

**Heartache Medication - Jon Pardi (2019) Album Key = A**

**Fiddle:**

4/4) 1                      1                      2m                      5

1                                      1                                      2m                                      2m

Same old dive,                      same old end of the work week drink                      Bartender

5                                      5                                      2m                                      (5                      /6                      /7                      /2)

knows my name, but I don't mind She kicks 'em up strong, serves me up right And

1                                      1                                      2m

here I go again I'm drinkin' one, I'm drinkin' two I got my heartache medication,                      a

2m                                      5                                      5

strong dedication To gettin' over                      you,                      turnin' me loose                      On that

2m                                      5                                      2m                                      5

hardwood jukebox, lost in neon time                      My heartache medication, well it suits me fine And I'm

5

drinkin' enough to take you off my

**Fiddle:** 1                                      1                                      2m                                      5

Mind                                      I got my heartache medication

1                                      1                                      2m                                      2m

Another girl,                      another dance to a country song                      Turnin'                      me on,

5                                      (5                      /6                      /7                      /2)

here's to a good time And halfway to feelin' all right And

**(Repeat Chorus)**

**Steel Solo:**

1                                      1                                      2m                                      2m

Mind                                      I got my heartache medication

**El. Guit Solo:**

5                                      5                                      5                                      5

2m                                      5                                      2m

Single drinkin' doubles Teardrops turnin' into bubbles Yeah, a little later on I'll probably

5                                      (5                                      5!)

find me some trouble                      And

1(hold)                                      (1)                                      2m(hold)

here I go again I'm drinkin' one, I'm drinkin' two I got my heartache medication,                      a

(2m)                                      5                                      5

strong dedication To gettin' over                      you,                      turnin' me loose                      On that

2m                                      5                                      2m                                      5

hardwood jukebox, lost in neon time                      My heartache medication, well it suits me fine And I'm

5

drinkin' enough to take you off my

**Outro** (*with solos underneath*):

**1**  
Mind  
cation  
Whoa  
**1 (end)**

**1**

**2m**  
I got my heartache medication  
Takin' me away,

**5**

heartache medi-  
oh
